Competition Format and Rules

Formato e regole gara / Format et règlement des compétitions
As of FRI 30 JAN 2026

Olympic Competition Format

Figure skating comprises five events at the Milano Cortina 2026 Olympic Winter Games:

- Men single skating
- Women single skating
- Pair skating
- Ice dance
- Team event

Men single skating, women single skating and pair skating

Men single skating, women single skating and pair skating consist of the short program (SP) and free skating (FS).

The top 24 single skaters, and the top 16 pairs in the short program, qualify for the free skating.

The duration of the short program for all three events is a maximum of two minutes and 40 seconds +/-10 seconds. The duration of the free skating for all events is 4 minutes +/-10 seconds. A total of 58 individual skaters (29 women and 29 men) and 19 pairs are expected to enter the competition.

Ice dance

Ice dance consists of the rhythm dance (RD) and the free dance (FD).

The top 20 couples in the rhythm dance qualify for the free dance. The prescribed rhythms/theme for the rhythm dance are decided by the ISU.

The duration of the rhythm dance is 2 minutes and 50 seconds +/-10 seconds; for the free dance it is 4 minutes +/-10 seconds. A total of 23 ice dance couples are expected to enter the competition.

Host country

If the host ISU Member went through the normal qualifying procedure and did not qualify in any of the disciplines, the host ISU Member shall have the right to enter one competitor per concerned discipline as additional entries as long as the concerned skater(s)/pair/couple achieved the minimum total element score for the Olympic Winter Games.

This does not apply for the team event.

Team event

The team event includes a total of 10 teams.

The teams may enter or finish the competition with the competitors in at least three of the four categories: men single skating, women single skating, pair skating and ice dance.

Qualification consists of a short program (SP) and rhythm dance (RD).

After the qualification a team will be allowed to replace up to two skaters/couples.

Teams are awarded 10 to 1 team points for the first team segment (1st place - 10 points; 10th place - 1 point). Qualification standing is set according to the sum of the team points.

The top five (including all teams in unbreakable ties for fifth place) qualify for the final. The final consists of a free skating (FS) and free dance (FD).

In the final phase, teams are awarded 10 to 6 team points for each category (1st place - 10 points, 5th place - 6 points). If more than 5 teams qualify for the final, 6th place will get 5 points, etc.

Differences between the ISU World Figure Skating Championships and the Olympic Winter Games

There are more restrictive qualification criteria for the Olympic Winter Games.

Competition Format and Rules

Formato e regole gara / Format et règlement des compétitions
As of FRI 30 JAN 2026

Changes since the Olympic Winter Games Beijing 2022

The whole performance evaluation for each skater/pair/couple has been changed from five to three Program Components: Composition, Presentation and Skating Skills.

The minimum age for participating in senior events has been raised to 17 years.

Sport Rules and Procedures

Start order for individual, pairs and ice dance events

For each event a separate initial draw will be held two days before the event. The draws for the start order of the short program/rhythm dance are made publicly available by the referee two days before the start of each event. The draw start order for the short program/rhythm dance is based on the current ISU world standings. The starting order for the Free Skating/Free Dance will be in the reverse order of the results after the Short Program/Rhythm Dance (tied competitors will start in the order as defined in the ISU rules).

Start order for the team event

Each team will be composed of one man, one woman, one pair and one ice dance couple selected from among entered skaters, substitutes, or the five non-qualified skaters, which are available to complete a qualified team. The teams may enter or finish the competition with competitors in three of the four categories.

The start list for the short program/rhythm dance of each category of the team event will be set in the reverse order of the ISU world standings of that category. The start list for the free skating/free dance will be set in the reverse order of the ranking in the short program/rhythm dance of that category.

ISU judging system for figure skating and ice dance

1) Event officials

Referee

Each discipline is managed by a referee. The referee is responsible for the event in accordance with the official rules and is responsible for the Judges.

Technical specialists

The technical specialists identify the elements the skater is performing in real time and the level of difficulty of the element, if applicable. The level of difficulty of certain elements is defined by the ISU judging system. The work of the technical specialists allows the judges to concentrate on marking the quality of each element in the skater's program. All technical specialists are former national and international skaters or coaches and are involved in skating on a weekly basis.

Technical controller

The technical controller supports the technical specialists to ensure that any potential mistakes are corrected immediately. In the case of a difference of opinion, the majority decision by the technical specialists and technical controller will be used. Each of these individuals will be monitored through an audiotape and videotape recording of the competition.

The technical controller supervises and corrects, if necessary, the call of the technical specialists and the input of the names and correct levels of difficulty of performed elements. However, if both technical specialists disagree with the correction, their initial decision stands.

Judges

Under the ISU judging system, the judges focus entirely on scoring the quality of each element and the quality of the program components. Their marks will be based on specific quality criteria for each element and will provide a comprehensive assessment of each skater's skills and performance.

Competition Format and Rules

Formato e regole gara / Format et règlement des compétitions

As of FRI 30 JAN 2026

A judge is not required to compare and score each skater directly in relation to all other skaters. This permits each judge to focus on the quality of: (1) each performed element, and (2) the program components, and to enter their scores into a touchscreen. The computer records the individual scores as entered by the judges and compiles aggregate scores for each skater to determine the final rankings.

There will be a panel of nine judges, and their scores are used to form the result for each segment. The judges will be drawn for each segment 45 minutes prior to the start of the segment. For the first segment of the individual events in men single skating, women single skating, pair skating and ice dance, nine judges will be drawn from a total of 13 judges.

For the second segment of the event, the four judges not drawn for the first segment will automatically be assigned to be in the panel of nine judges for the second segment and all other judges having already served in the first segment will participate in the draw to complete the panel of nine judges for the second segment. Out of the nine judges drawn for each segment, the highest and lowest scores are deleted and the average will be taken from the remainder (trimmed mean).

2) Technical score

Every required element of the short program, free skating, rhythm and free dance is assigned a base value. Base values of all recognised elements are published annually by the ISU in the scale of value chart.

During the program, judges will award a grade of execution (GOE) within a range of plus +5 to -5 to each element performed.

The panel's GOE is determined by calculating the trimmed mean of the numerical values of the GOEs awarded by a maximum of nine scoring judges. The trimmed mean is calculated by deleting the highest and lowest scores and calculating the average of the remaining scores (maximum of seven). This average will become the final GOE of an individual section/element (rounded to two decimal places).

The panel's score for each element is determined by adding the trimmed mean GOE of this section/element to its base value.

The panel's scores for all the sections/elements are added to give the total technical score.

3) Components score

In addition to the technical score, the judges will award points on a scale from 0.25 to 10 (in increments of 0.25) for the program components to grade the overall presentation of the performance. These program components are composition, presentation and skating skills. Several factors, as detailed below, are to be taken into account when the judges consider each component.

The panel's score for each program component is reached by calculating the trimmed mean of the scoring judges results for that program component. The panel's scores for each program component are then multiplied by a set factor to ensure that the total element score and program component score are approximately balanced and the results are rounded to two decimal places.

The skater's/pair's/couple's whole performance is evaluated by three program components: composition, presentation and skating skills.

For pair skating and ice dance there must be equal demonstration of the criteria by both skaters.

Composition

The intentional, developed and/or original arrangement of the repertoire of all types of movements into a meaningful whole according to the principles of proportion, unity, space, pattern, and musical structure.

In evaluating the composition, the following must be considered:

- Multidimensional movements and use of space;
- Connections between and within elements;
- Choreography reflecting musical phrase and form;
- Pattern and ice coverage;
- Unity.

Competition Format and Rules

Formato e regole gara / Format et règlement des compétitions
As of FRI 30 JAN 2026

Presentation

The demonstration of engagement, commitment and involvement based on an understanding of the music and composition.

In evaluating the presentation, the following must be considered:

- Expressiveness and projection;
- Variety and contrast of energy and of movements;
- Musical sensitivity and timing;
- Oneness and awareness of space (pair skating, ice dance).

Skating skills

The ability of the skater to execute the skating repertoire of steps, turns, and skating movements, with blade and body control.

In evaluating the skating skills, the following must be considered:

- Variety of edges, steps, turns, movements and directions;
- Clarity of edges, steps, turns, movements and body control;
- Balance and glide;
- Flow;
- Power and speed;
- Unison (pair skating, ice dance).

4) Final scores

4.1) Individual, pair and ice dance events

The final score is calculated by adding the total element score and the factored program component scores and subtracting any program deductions (e.g. falls, time violation, illegal elements, etc.). The scores of the short program/rhythm dance and free skating/free dance are added and the result constitutes the final score of a skater or couple in an event. The participant or couple with the highest total score wins. In the case of a tie in any phase, tiebreak rules will apply.

4.2) Team event

The team points will be awarded according to the placement of the skaters/couples in each category as follows:

- Short program/rhythm dance: 1st place - 10 points, 10th place - 1 point
- Free skating/free dance: 1st place - 10 points, 5th place - 6 points, if more than 5 teams qualified: 6th place - 5 points, etc.

The final standings in the team event will be determined by the total team points achieved in both segments. The final standings for those teams that did not qualify for the free skating/free dance will be determined by the team points achieved in short program/rhythm dance.

Tiebreak rules

Individual, pair and ice dance events

Segment

If two or more skaters, pairs or ice dance couples have the same rank in the short program/rhythm dance, the total technical score will be used to break ties. If two or more skaters, pairs or ice dance couples have the same rank in the free skating/free dance, the program components score will be used to break ties. If these results do not break the tie, the competitors concerned will be considered tied.

Event

If two or more skaters, pairs or ice dance couples have the same rank after the combined result or the final result, the highest score in the last skated segment will be used to break ties. If there is a tie in the highest score of the last skated segment, the better placement will decide upon the better place. If the last skated segment is tied, the placement of the previously skated segment will be used to break ties. If there is no previous segment, skaters, pairs or ice dance couples will be considered tied.

Competition Format and Rules

Formato e regole gara / Format et règlement des compétitions
As of FRI 30 JAN 2026

Team event

Segment

If two or more skaters, pairs or ice dance couples have the same rank in the short program/rhythm dance, the total technical score will be used to break ties. If two or more skaters, pairs or ice dance couples have the same rank in the free skating/free dance, the program components score will be used to break ties. If these results do not break the tie, the competitors concerned will be considered tied. The team points will be awarded according to the placement of the skaters/couples in each category.

Event

In cases of ties between teams, the following tiebreaking procedure will be used:

1. The highest total team points from the two best places of the current phase will break the ties
2. If they remain tied, the highest total segment scores of the two best places according to the team points of the current phase will break the ties
3. If they remain tied, the highest total team points from the three best places of the current phase will break the ties
4. If they remain tied, the highest total segment scores of the three best places according to the team points of the current phase will break the ties
5. If these criteria fail to break the ties, the teams will remain tied. If the teams remain tied for a qualifying place, all tied teams will qualify for the final.

In the case of ties between teams for intermediate results after the first segment of the final phase, the higher points achieved in this segment will be used to break the ties.

Penalties/disqualification rules

The penalties and disqualifications are managed by the ISU rules.

Protests/appeals

Any protest must be addressed to the event referee.

 Medagliati / Médaillés

Medal	Name	NOC
GOLD	LIU Alysa	USA - United States of America
SILVER	SAKAMOTO Kaori	JPN - Japan
BRONZE	NAKAI Ami	JPN - Japan

Milano Ice Skating Arena	17 FEB 2026	18:45	Short Program
	19 FEB 2026	19:00	Free Skating

Size of Skating Arena:	30m x 60m
Ice Conditions:	Very good
Number of Entries:	29
Number of Participants:	29

Entry Withdrawn:

Short Program			
Duration:	2:40 +/- 10 seconds		
Program Component Factors:	Composition		1.33
	Presentation		1.33
	Skating Skills		1.33

Free Skating			
Duration:	4:00 +/- 10 seconds		
Program Component Factors:	Composition		2.67
	Presentation		2.67
	Skating Skills		2.67

Sport Terminology

Terminologia sportiva / Terminologie du sport
As of FRI 30 JAN 2026

Term	Definition
Category	<p>The category is the individual part of the Team Event. The categories are: Men Single Skating, Women Single Skating and Pair Skating, Ice Dance.</p> <p>The Qualification includes the following team segments:</p> <ul style="list-style-type: none"> • Short Program for Men Single Skating, Women Single Skating and Pair Skating, Rhythm Dance for Ice Dance <p>The Final includes the following team segments:</p> <ul style="list-style-type: none"> • Free Skating for Men Single Skating, Women Single Skating and Pair Skating, Free Dance for Ice Dance
Components Score	In the Figure Skating segments there are three different program components: Composition, Presentation and Skating Skills.
Couple	Term used for skaters in Pair Skating and Ice Dance events.
Element (name/code and description)	The elements are parts of programs. For details please consult the ISU Scale of Value tables.
Grade of Execution (GOE)	The judges score the quality of performed elements with the Grade of Execution.
Official Assessment Commission (OAC)	<p>The OAC shall evaluate:</p> <ol style="list-style-type: none"> Evident anomalies in the judges scores identified based on a predetermined criterion, including mathematical criteria, confirmed by the Council, and Decisions taken by the Technical Panel
Judge	A qualified official who scores the competitor on each performance in the competition.
Officials	All persons serving as Technical Controllers, Technical Specialists, Referees, Judges, Data Input, Video Operator or IF Delegates.
Referee	The official responsible for the event in accordance with the official rules. The Referee is responsible for the Judges.
Segment	A step in the progression of the competition (phase), in Figure Skating the Short Program/Rhythm Dance and Free Skating/Free Dance.
Technical Controller	Checks the called elements and levels, corrects if necessary and takes care of the deductions of illegal elements.
Technical Specialists	Call all performed elements and levels. Review the elements if necessary with the Technical Controller.
Trimmed Mean	The trimmed mean is the average of the scores remaining after the highest and lowest scores have been deleted.
